ISA Activity: Project: The Role of Election in Emerging Democracies

Dear Parents
Warm Greetings!

In our endeavor through which we hope to give the students the best of academics and co- curricular activities, months of July and August will be dedicated to help the students understand the importance of democratic values like Patriotism, Liberty, Equality, Justice, Truth and Diversity.

For this various activities like elections, mock parliament and PPT on various election processes will be dedicated to study the global issue of emerging democracies in India, New Zealand and USA.

The school in this endeavor would be sending information and circulars related to ISA. We request you to help your ward by providing necessary materials. The activities will be evaluated and the same uploaded on school website from time to time for your feedback.

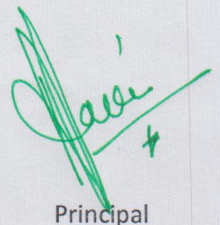

We are sure to get full co-operation from your end.

Regards
