Dear Parents

Warm Greetings!

The New Year signifies that the time has arrived to bid farewell to the by-gone year and to welcome the New Year. Exchanging messages, greeting cards and gifts are part and parcel of the New Year celebration. The age-old tradition of planning new resolutions for the coming year is a common sight. A few of the resolutions we together ought to make today as an educator as well as a parent, to inculcate good values and developing good habits in our little angels and torch bearers of tomorrow. May this Christmas end the present Year on a high note & make way for a fresh & bright NEW YEAR 2018.
